SKILLS

- JavaScript | TypeScript | Node JS | React JS | Next JS | Express JS
- MongoDB | Mongoose | SQL
- Webpack | Git | GitHub

EXPERIENCE

Software Engineer Valkyrie IT Ltd. *Mar 2022 – Sep 2023*

- Efficiently configured and managed **React** project using **Webpack**, **Babel** resulting in improved performance and code maintainability.
- Implemented **React Query** for caching and efficient data fetching, significantly reduced server requests and enhanced user experience.
- Enhanced codebases with **TypeScript**'s type safety, leading to a massive reduction in runtime errors and development time for all projects.
- Integrated **i18next** for internationalization, enabling applications to react a global audience.

React Dev. (Intern) Qubit Capital *May 2021 – Aug 2021*

- Architecting **reusable** components and modules to foster code maintainability and scalability.
- Collaborating closely with backend developers to construct a robust RESTful API, enhancing overall system functionality.
- Efficiently orchestrating collaboration between graphic designers.
- Attained **pixel-perfect** precision in web development, bolstering user satisfaction.

PROJECTS

- **Study Central** – All-in-one intuitively designed platform combining Learning Management System (LMS), Messaging, File Management and Cohort Management.

EDUCATION

Bachelor of Business Ad. University of Chittagong *Feb 2021 - Present*

- Major in Finance
